

QAPI

Cloud Access to
QuantityWare BCS

 **QuantityWare**
the quantity conversion solution

Why QAPI?

QuantityWare's Bulk Calculations Solution (BCS), the quantity conversion solution for all oil, gas, and energy bulk products, has been available only from within an SAP landscape.

Until now.

QAPI extends access to QuantityWare's bulk quantity calculations to any system, anywhere in a company's landscape through Application Program Interface (API) calls via SAP's Business Technology Platform (BTP).

The outcome is a single set of trusted and verifiable bulk quantity conversions, which can be used across an enterprise.

One Source of Quantity Conversion Truth - BCS

- ✓ **Harmonized** – consistent bulk quantity conversions across your organization
- ✓ **Reliable** – a single set of standards-based quantity conversions
- ✓ **Proven** – use of verified and validated conversions

Transparency

- ✓ Leverages established and existing standards
- ✓ Transparency via the QuantityWare Petroleum and Gas Measurement Cockpits
- ✓ Flexible and scalable solution – one or multiple conversions at any time

SAP Certified Solution

- ✓ The only comprehensive SAP-certified ABAP quantity calculation solution
- ✓ QAPI is available from SAP Business Accelerator Hub
- ✓ Connects a BCS system via the SAP BTP to any external system
