Summary

Omar Alayón is a SAP Consultant with 9 years of experience. During this time, he has acquired deep experience in Supply and Logistics processes, such as Inventory Management, Purchasing of goods and services, MRP and Transportation Management.

First started in the Global Business Services (GBS) in IBM Venezuela in March 2008. He has been responsible for the design and implementation of SAP Supply and Logistics processes for multiple projects and clients.

He has strong knowledge of SAP modules MM, LE and IS-OIL (HPM, MAP, TD, MCOE, GTM), related business processes, configuration and integration with other SAP modules.

During his experience with SAP ERP he acquired experience in the following modules: SD, PM, ABAP debugging, ASAP and Agile methodology, user training, post go-live support and people management.

Specialties: SAP Material Management (MM).
SAP Logistics Execution (LE).
SAP IS-OIL (HPM, MAP, TD, MCOE, GTM).
QuantityWare BCP10B Basic & Certification (Germany 2013).
